## JETTED & STEAM SHOWERS

DreamLine™ Jetted and Steam showers transform your standard bathroom into a home spa. The perfectly designed high quality single piece back wall, tray and roof form the main structure of the shower cabin. Individual valve controls for water massage jets, hand-held shower and top “rain shower” bring you the ultimate shower experience. An integrated thermostatic valve provides a constant pleasant water temperature for each shower session. Built-in seats and accessory compartments complete our thoughtful cabin designs. Optional Steam Kit offers you yet another dimension in showering. Steam has been known through the ages to be of great benefit to both body and soul, and now DreamLine™ Steam Showers bring spa-style steam baths to your home.

## SHOWER ENCLOSURES

They are all very different - round, rectangular, neo-angle, D-shaped - but all of the DreamLine™ shower enclosures share the same basic lineage. All of these shower enclosures are made of tempered safety glass combined with anodized aluminum profiles. Enclosure glass may be installed on custom tiled trays or for streamlined installation may be combined with optional DreamLine™ shower trays. Available in a variety of sizes, shapes and finishes these shower enclosures are designed for installation against finished acrylic or tiled walls. Add a simple shower head or an advanced DreamLine™ Shower Column and create the Bathroom of Your Dreams™ with DreamLine™ shower enclosures.

# SHOWER ENCLOSURE BACK WALL

DreamLine universal shower wall panels are both a functional and beautiful addition to any shower. These versatile shower wall panels are made of Acrylic/ABS advanced materials, are designed for quick install and engineered to trim-to-size for most DreamLine enclosures. Ceramic tile walls for shower enclosures may look good, but are very difficult and expensive to install and even tougher to take care of. DreamLine shower wall panels install in hours and are easy to maintain and enjoy for years to come.

## QWALL-02 SHOWER ENCLOSURE BACK WALL

### Features:

- 3 integrated soap or accessory shelves
- Convenience corner foot rest
- Unique water proof connection of side walls and corner panels
- Trim-to-Size design for shower enclosures wall dimensions 30" to 40 1/2"

CRYSTAL enclosure  
and tray with back  
panel QWALL-02

DreamLine high gloss acrylic shower trays (shower receptors) may be used in a custom shower project or combined with DreamLine Shower Enclosures for a complete shower installation. All of the shower trays come standard with slip-resistant textured floor patterns and integrated tile flanges. Each shower tray is fiberglass reinforced and comes with an opening ready for a compression fitting drain. Choose from a variety of sizes and for some models a "Right" or "Left" installation option.

# STONE VANITIES

# STONE VANITIES

The question asked the most about our Stone Vanities and Stone Vessel Sinks is - “Are these art or vanities?” Well, we would like to think that they are a little of both. Made from your choice of a number of natural stone types like Honey Onyx or Emperador Dark, these beautiful hand-made sinks are at the center of any designer bathroom project. Options like stone framed mirrors and matching stone waterfall faucets further enhance the stone bathroom vanity ensemble. Hand-crafted of the finest natural materials, each of these beautiful vanities is truly a one of a kind work of art.

**Note:** Pictures of products made of natural stone may vary from color and texture variations found on actual products.
