

VISION

SHOWER DOOR & TUB DOOR INSTALLATION INSTRUCTIONS

IMPORTANT

DreamLine™ reserves the right to alter, modify or redesign products at any time without prior notice. For the latest up-to-date technical drawings, manuals or any other details please refer to the support.BathAuthority.com web page.

Please carefully read the instructions before installing. If you have any questions regarding installation, please call our technical support specialists Monday through Friday 9:00 AM – 5:00 PM EST at 1-866-731-8378, ext. 3 or e-mail our technical support group at support@BathAuthority.com.

For more information on [DreamLine™ Shower Doors & Tub Doors](http://www.BathAuthority.com) please visit www.BathAuthority.com

Preparation

1. After opening all boxes and packages, read this introduction carefully. Check that all of the needed parts are included in the package, by marking all the components on the "Detailed Diagram of Shower Door Components". Examine boxes and packages for shipping damage. If the unit has been damaged, has a finishing defect, or has missing parts, please contact our customer support department within 3 business days of the delivery date. Please note that **DreamLine™ will not replace any damaged products or missing parts free of charge after 3 business days or if the product has been installed.** Feel free to contact DreamLine™ if you have any questions.
2. **Please note that you should consult your local building codes with questions on installation compliance standards. Building and plumbing codes may vary by location, and DreamLine is not responsible for code compliance standards for your project.**
3. Install all of the required plumbing and drainage before securing the shower. **Have a competent and licensed (if required by local code) plumber or tradesman do and/or approve your plumbing installation.**
4. Please insure that prior to the installation the installation surface is leveled and solid and will be able to support the total weight of the unit. Also make sure the walls are at right angles. While some adjustment in leveling of the door is possible, irregular installation surface level or improper angle of side walls will result in serious problems for your installation. Please, note that some adjustments and drilling might be necessary during the installation process.

Note: If glass has silk, print or molded designs, please make sure that clear side faces inside the shower

Tools Required

Detailed Diagram of Shower Door Components

Packing List

01	Glass profile	2pcs	10	Round head screw ST4.2x30	8pcs
02	Wall profile	2pcs	11	Round head screw ST4.2x25	8pcs
03	Guide rail	2pcs	12	Round head screw ST4.2x10	4pcs
04	Glass door	2pcs	13	Flat head screw ST4.2x15	4pcs
05	Stationary glass	2pcs	14	Decorative cover	4pcs
06	Handle	2pairs	15	Wall anchor	8pcs
07	Magnetic strip	1pair	16	Glass holder	4pcs
08	Anti-water strip	4pcs	17	Wheel assembly	4pairs
09	Single side strip	2pcs			

NOTE: Unpack your unit carefully and inspect it. Lay it out and identify all parts using parts diagram and part list in your manual as a reference. Before discarding the carton, check for small hardware bags that tend to fall to the bottom of the box. If any parts are damaged or missing, please contact DreamLine™ for replacement.

Shower Door Installation

1. Measure the distance between two walls. This distance is marked as "**W**".

See Fig. 1 for details.

Fig. 1

2. Your **Guide rails (03)** have been precut for the installation between the walls with a distance of: **60"**

If **W=60"**, then it is unnecessary to cut the **Guide rails** and you can continue to Step 3.

If **W<60"**, then you will need to cut the **Guide rails** from both ends.

The length to cut off will be **L**:

$$L = \frac{60'' - W}{2}$$

See Fig. 2 & Fig. 3 for details.

Fig. 2

Fig. 3

3. If the **Guide rails (03)** have been cut, you will need to reinstall the roller stoppers on each **Guide rail** on both sides where it has been cut. Remove existing stopper. Mark the drilling hole with a distance of **2"** from the cut off edge of the **Guide rail**. Drill the new hole using **Ø 1/8"** drill bit; then fasten the stopper with screw.

ATTENTION:

Do not drill Guide rail throughout, only the first layer.

See Fig. 4 for details

Fig. 4

4. Fasten the bottom **Guide rail (03)** to the **Glass profiles (01)** with the **Round head screws ST4.2x25 (11)**.

See Fig. 5 for details.

Fig. 5

5. Slide the **Stationary glasses (05)** fully into the groove of the **Glass profiles (01)**, and then fasten it by the **Glass holders (16)** to the bottom **Guide rail (03)**.

See Fig. 6 for details.

Fig. 6

6. Slightly tap the **Single side strips (09)** in between the **Stationary glasses (05)** and the **Glass profiles (01)** using wooden shim or other piece of wood. The strips should be inserted from the sides that will face inside the shower.

ATTENTION:

Do not use the screwdriver or other metal objects; you can scratch or damage the glass and aluminum.

7. Repeat Step #4 and Step #5 to fasten the upper **Guide rail (03)** to the **Glass profiles** and secure the **Stationary glasses** by the **Glass holders (16)**.

See Fig. 7 for details.

Fig. 7

8. Slide the **Wall profiles (02)** all the way onto the **Glass profiles (01)** on both sides. Make sure the flanges of the **Wall profiles** faces inside the shower.

See Fig. 8 for details.

Fig. 8

9. Move the finished frame to the designated position on the shower base, the bathtub or the threshold (depending on your installation); push it against the walls. If your top and bottom wall opening measurements are different or if the walls are out-of-plumb, make adjustment by slightly pulling the **Wall profiles (02)** out of the **Glass Profiles (01)**.

Use the level to adjust the frame in the vertical position

See Fig. 9 for details.

Fig. 9

10. Using help to hold this assembly in the right position, mark the drill holes on the wall through the holes on the flange of the **Wall Profiles (02)**.

11. Gently set the assembled unit aside; drill the holes using $\text{Ø } 5/16''$ drill bit and insert the **Wall anchors (15)**.

Apply silicone caulk along the **Wall profiles** and around the holes on the wall. Also apply silicone under the bottom **Guide rail (03)**. Place the whole shower assembly back into the designated position and secure it to the walls using the **Round head screws ST4.2×30 (10)**.

See Fig. 10 for details.

Fig. 10

NOTE: Glass Door (04) comes with preinstalled Wheel assemblies (17). If not, please refer to (Fig. 11) for detailed installation.

12. Fasten the top and the bottom **Wheel assemblies (17)** to the **Glass door (04)**. The top wheels can adjust the door level with the adjustable bolt and lock nut. The bottom wheel has a press button to fix the wheel on to the bottom **Guide rail (03)**.

Note:

The lock nut of the upper wheel and the press button of the bottom wheel should be pointing up.

See Fig. 11 for details.

Fig. 11

13. Slide the top door wheels into the top **Guide rail (03)**. Push the bottom wheels into the bottom **Guide rail** by pressing down the button on the **Wheel assembly**. Use the Phillips screwdriver #2 (**do not use power screwdriver**) to adjust upper wheels, make sure they move smoothly and the door closes tight.

See Fig. 12 for details.

Fig. 12

14. Install the **Handles (06)** to the **Glass doors (04)**.

Press the **anti-water strips (08)** on the vertical edges of the **Stationary glasses (05)** and both vertical edges of the **Glass doors**.

Press the **Magnetic strips (07)** on the vertical edges of both **Glass doors** for tight closing.

See Fig. 13 for details.

Fig. 13

15. Do the final adjustments of the assembled unit in the **Wall profiles (02)**.

Drill the holes in the **Glass profile (01)** through predrilled holes in the **Wall Profile** using $\text{Ø } 1/8''$ drill bit.

ATTENTION:

Do not drill the profile throughout, only the first layer of the wall profile.

Secure the **Wall profile** to the **Glass profile** using the **Round head screws ST4.2×10 (12)**.

Cover the exposed screw heads with the **Decorative covers (14)**.

See Fig. 14 for details.

Fig. 14

16. Apply the sealant along the profiles and guide rails; on the seams between the bottom guide rail and the profiles as well as along the shower base or threshold.

See Fig. 15 for details.

Fig. 15

Product Maintenance

To insure long lasting life for your acrylic back walls, wipe them off after each use with a soft cloth. To clean the acrylic back walls use non-abrasive sprays or cream based cleaners. Never use abrasive cleansers, metal brushes or scrapers that could scratch or dull the surface.

To insure long lasting life for your glass shower products, wipe them off after each use with a soft cloth. Rinse and wipe of the glass using either soft cloth or squeegee to prevent soap buildup. Never use abrasive cleaners and cleaning products that contain scoring agent because this may scratch the surface. Never use bristle brushes or abrasive sponges.

To assure a long lasting finish wipe off the metal parts after each use with a soft cloth. Do not use abrasive cleaners or cleaning products containing ammonia, bleach or acid. If accidentally used, rinse the surface as soon as possible to prevent finish peeling or corrosion. After cleaning the shiny finishes, rinse thoroughly and wipe dry with soft cloth. Clean stainless steel surfaces at least once a week. When applying stainless steel cleaner or polish, work with (not across) the grain. Never use abrasive sponge or cloth, steel wool or wired brushes.

This is Bath Authority LLC's ("DreamLine") exclusive written warranty effective April 1, 2011

This warranty extends only to the original owner/end-user for household use only and is not transferable to a subsequent owner. This warranty applies only to DreamLine™ products purchased from an authorized dealer and installed in United States or Canada. Proof of purchase (original sales receipt) must be provided with all warranty claims. **In no event shall the liability of DreamLine™ exceed the purchase price of the unit.**

If DreamLine™ shower doors, shower enclosures and shower bases are used commercially, DreamLine™ warrants such products to be free from defects in material and workmanship for one (1) year from initial date of purchase from an authorized dealer, with all other terms of this warranty applying except duration. If DreamLine™ vanities, vessel sinks and shower columns are used commercially, DreamLine™ warrants such products to be free from defects in material and workmanship for three (3) months from initial date of purchase from an authorized dealer, with all other terms of this warranty applying except duration. **DreamLine™ Jetted and Steam Shower Cabins are not intended for commercial use and there is no warranty extended for these products for commercial use.** DreamLine™ is not responsible for loss of use or profit under any circumstances.

DreamLine™ hereby disclaims all warranties for products sold as a dealer or store displays. DreamLine™ hereby disclaims all warranties for products used outside of the United States or Canada whether expressed or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose.

DreamLine™ will, at its election, repair, replace with product of equal value or make appropriate adjustment where DreamLine's analysis or inspection of warranty claim discloses any such defects occurring in normal usage within the warranty period. DreamLine warranty obligation shall be discharged upon tender of replacement or repair. Purchaser's refusal to accept the tender terminates warranty obligation.

Cost of freight for returning products to DreamLine™ for repairs or replacement under this limited warranty are the responsibility of the customer. Cost of freight associated with shipping of replacement product or parts to the customer may be charged to customer. Any product replaced or repaired during the warranty period will be covered only for the remaining period of the original warranty. In no event will DreamLine be liable for costs of repair or replacement of any installation material, including but not limited to tiles, marble, etc. **DreamLine™ is not responsible for installation, removal or reinstallation costs of any product requiring warranty services.**

Improper modification or alterations of any DreamLine™ products will void the warranty. Any DreamLine products repairs must be performed by either a DreamLine authorized agent or a licensed experienced professional contractor. This warranty shall not apply to breakage or damages caused by normal wear and tear, fault, carelessness, abuse, misuse, misapplication, improper maintenance, alteration or modification of the unit, as well as chemical or natural corrosion, accident, fire, flood, act of God or any other casualty. Improper care and cleaning will void the warranty. Never use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents or other products not recommended for chrome or similar finish, glass or acrylic. This will void the warranty. For additional product maintenance instructions please refer to product installation manuals. The warranty does not extend to any non-DreamLine™ plumbing or components installed by installers, end users or by any party other than DreamLine™.

THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. BATH AUTHORITY LLC ("DREAMLINE") AND/OR SELLER DISCLAIM ALL LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. DREAMLINE™ IS NOT LIABLE FOR PERSONAL INJURIES OR DEATH TO ANY PERSON OR FOR ANY DIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGE, LOSS OF USE, LOSS OF TIME, LOSS OF PROFITS, INCONVENIENCE, INCIDENTAL EXPENSES, LABOR OR MATERIAL CHARGES, OR ANY OTHER COSTS RESULTING FROM THE USE OF ITS PRODUCTS OR PERTAINING TO THE APPLICATION OF THE PRESENT WARRANTY, OR RESULTING FROM THE REMOVAL OR REPLACEMENT OF ANY PRODUCT OR ELEMENT OR PART COVERED BY THIS WARRANTY.

DreamLine™ is not responsible for product code compliance or for verifying code restrictions on installation or use and any such compliance is excluded from this warranty. DreamLine™ reserves the right to modify this warranty at any time - such warranty modification will not alter warranty applicable at the time of sale of the products in question. The warranty terms for specific products are:

SHOWER DOORS, SHOWER ENCLOSURES AND SHOWER BASES

DreamLine™ warrants shower doors, shower enclosures and shower bases to be free from defects in workmanship and materials under normal residential use for a period of five (5) years from the initial date of purchase by the owner/end-user, contractor or builder from an authorized dealer.

SHOWER CABINS (JETTED & STEAM)

DreamLine™ warrants glass, acrylic and finish to be free from defects in workmanship for a period of five (5) years from initial date of purchase by the owner/end-user, contractor or builder from an authorized dealer; and plumbing, electrical and steam generator components for a period of one (1) year from the initial date of purchase by the owner/end-user, contractor or builder from an authorized dealer.

SHOWER COLUMNS

DreamLine™ warrants shower columns to be free from defects in workmanship and materials under normal residential use for a period of one (1) year from the initial date of purchase by the owner/end-user, contractor or builder from an authorized dealer.

VANITIES AND VESSEL SINKS

DreamLine™ warrants bathroom vanities and vessel sinks to be free from defects in workmanship and materials under normal residential use for a period of one (1) year from the initial date of purchase by the owner/end-user, contractor or builder from an authorized dealer.

Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights, which vary from state/province to state/province.
