ENIGMA-X™ SHOWER ENCLOSURE SHOWN WITH OPTIONAL BASE & TEAK SEAT

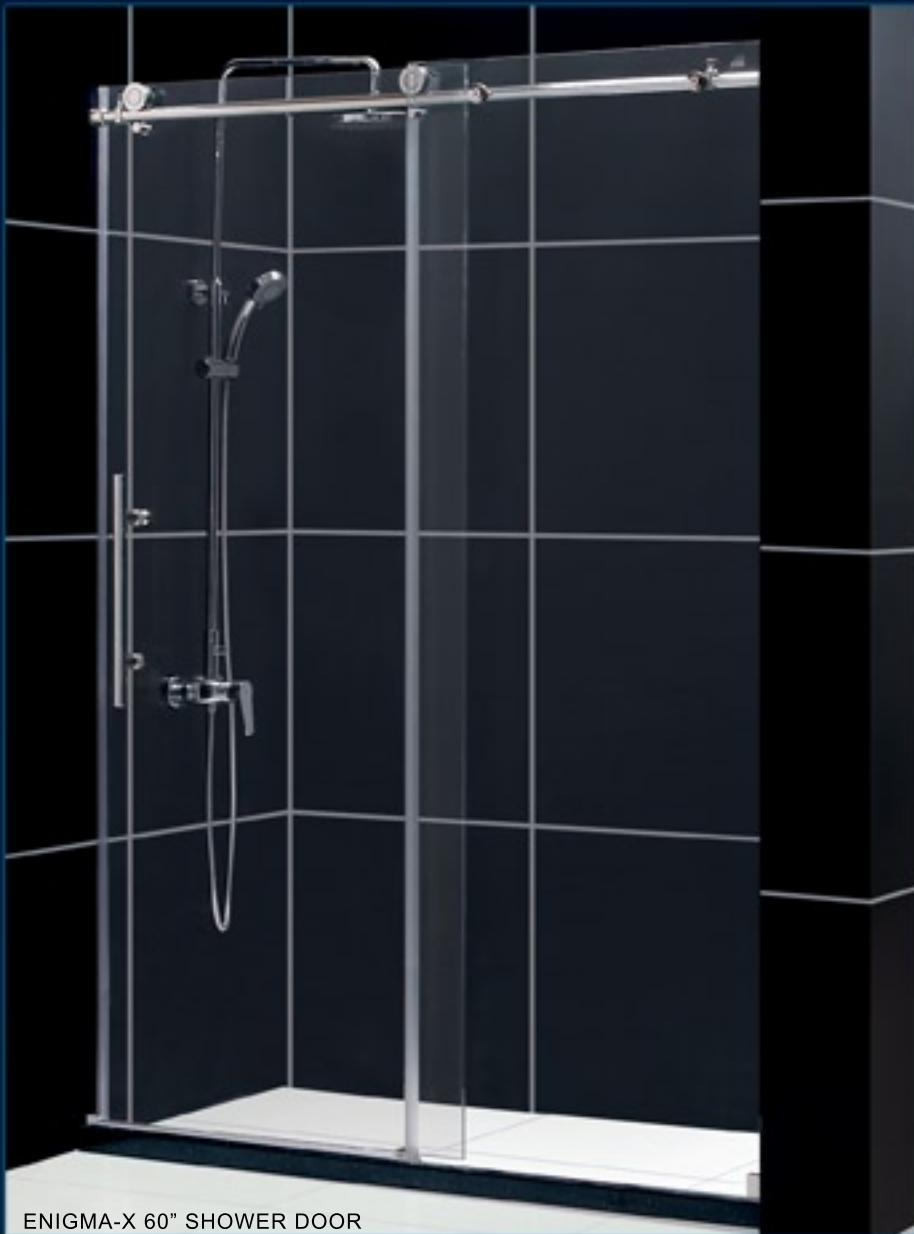

The exclusive factory applied DreamLine *ClearGlass*™ coating provides superior protection as it prevents mineral deposits, spotting, soap film and dirt from forming on the shower glass.

The shower doors and enclosures from the ENIGMA-X collection have a unique frameless design delivers the look of custom glass at an amazing value. The substantial stainless steel hardware includes innovative large wheel assemblies that glide effortlessly across the perfectly engineered track. All models are crafted from premium 3/8" thick glass which is factory treated with exclusive ClearGlass for superior glass protection and easy maintenance.
