- Dimensions: 33" x 56-5/8" x 72-7/8"

INTEGRATED GLASS SHELVES

Vista shower enclosure shown with optional base

The flowing semi-frameless design of the DreamLine™ Vista shower enclosure offers a beautiful and functional solution for installation of a large shower or a tub-to-shower conversion project. Made of thick 5/16" tempered clear glass, aluminum chrome finish profiles and door pivot hardware system - this enclosure is truly a work of art. Vista's pivot door system is designed to effortlessly move while upper and lower stainless steel brackets prevent water leaks and maintain the strong structure. The Vista shower enclosure is designed to be installed against tiled walls and its reversible design allows the enclosure to be installed in either left or right configuration. Vista may be placed on a custom tiled floor or combined with an optional DreamLine™ acrylic shower base. To complete the shower installation project, add a simple shower head or an advanced DreamLine™ Shower Column.

SHOWN WITH OPTIONAL BASE
