Wrought iron is a material of history. With unique strength and look, this iron alloy has been used for centuries to make everything from swords and blades to cutlery and handrails. We have selected this material for the beautiful DreamLine™ Wrought Iron Stand collection to give it an unmistakable look and charm. When hammered, etched and bent by our artisans, wrought iron takes on the look of aged wood. All DreamLine™ iron stands and mirror frames are hand-made and each one is a unique work of art.
