Bathroom of Your Dreams™

# JETTED & STEAM SHOWERS

Designed to be installed against tiled walls, the structure of the MAJESTIC starts with a fiberglass reinforced black acrylic tray. Unlike most steam cabins which require non-standard drain plumbing, the MAJESTIC tray is ready for a standard drain and allows for the entire unit to be either installed in the left or right tiled corner. The front and side glass walls of the MAJESTIC are made of 5/16" tempered clear glass with the exclusive DreamLine ClearGlass™ coating for easy glass maintenance. A brushed nickel finish aluminum shower panel extends across the black tempered glass roof and down the tiled back wall of the installed MAJESTIC enclosure. The integrated steam control allows for full steam adjustment and provides access to lights, FM radio and MP3 sound functions. Built-in water management system consists of a high performance thermostatic valve to maintain a set water temperature and three individual water diverters to control the top shower, jets and hand-held water functions. Used for a simple shower, jetted massage or steam bath, the MAJESTIC truly lives up to its name.

## MAJESTIC

- Fiberglass reinforced black acrylic tray for left or right corner installations, used with compression fitting drain
- Wall mounted corner installation against finished walls
- 5/16" (8mm) tempered clear glass with exclusive ClearGlass™ protective anti-limescale coating
- Pivot door with full length magnetic door latch
- Black tempered glass roof with aluminum shower panel in brushed nickel finish and 12"x12" brass shower head
- Two recessed light fixtures built into roof panel
- Anodized aluminum vertical shower panel in brushed nickel finish, 6 adjustable body jets, hand shower, thermostatic control and 3 water control diverters
- 3kW steam generator with On/Off/Time/Temp/Light
- MP3 player and FM radio
- Optional removable teak wood flooring panel
- Aluminum profiles & accessories in polished chrome
- Dimensions: 47 5/8" x 35 7/8" x 87 3/8"

The exclusive factory applied DreamLine™ ClearGlass™ coating provides superior protection for shower glass. ClearGlass™ prevents mineral deposits, spotting, soap film and dirt from forming on the glass.
